<i>Mixed League Division Adjustment*</i>				

Minimum HC:

24.0

*\* This adjustment has been applied to further level the playing field for Rec teams when playing against Comp teams as player handicaps are determined by historical play (primarily), and thus are relative to competition ( a Recreational 9 isn't equal to a Competitive 9 ). This adjustment applies the equivalent of a 0.5 reduction in handicap for each player on a REC team. Note that for teams which have recently been promoted to COMP, this factor is equivalent to a 0.25 reduction in handicap. It does not change your handicap, only your team's handicap when playing in **this season's** mixed league. I will adjust as necessary for subs, etc.*

*As always, I'm interested in your feedback as this is something new I'm trying given we have a single division this season.*
